

Stabil-Step Jack Model no. JSS-7

- Adjusts from 8" to 15" in height
- Stabilizes your step assembly
- Solid steel jack easily supports 750 lbs, taking the load off your step tread, carrying mechanism and frame
- Steady as you go in and out of your unit with pets or casseroles
- The Stabil-Step Jack will lengthen the life of any tread and step assembly attached to your RV

Be sure your threaded rod is at least (3) full thread turn into the base for proper support.
