

### **Stabil-Step Jack** Model no. JSS-85

- Adjusts from 8.5" to 15" in height
- Stabilizes your step assembly
- Solid steel jack easily supports 750 lbs, taking the load off your step tread, carrying mechanism and frame
- Steady as you go in and out of your unit with pets or casseroles
- The Stabil-Step Jack will lengthen the life of any tread and step assembly attached to your RV
- Conveniently stores under your step's tread

**Be sure your threaded rod is at least (3) full thread turn into the base for proper support.**
